Student Support Centre

Monthly Report

APRIL 2024

COMMUNITY SUPPORT PROGRAM (CSP)
ACTIVITIES FOR THE MONTH OF APRIL 2024

1. IFTAAR DRIVE DASTARKHUWAN:

In this sacred month of Ramadan, The CBS Bukc arranged an “**Iftaar Drive Dastarkhuwan**” in collaboration with Community Support Program (CSP) where our student volunteers participated with full enthusiasm. This Iftaar Drive Dastarkhuwan was held on **5th April 2024**, at **Shah Faisal Colony Gate Karachi**, where our student volunteers served meals to hundreds of people. The student volunteers were awarded with 5 CSP hours against this activity.

2. JDC OLD AGE HOME:

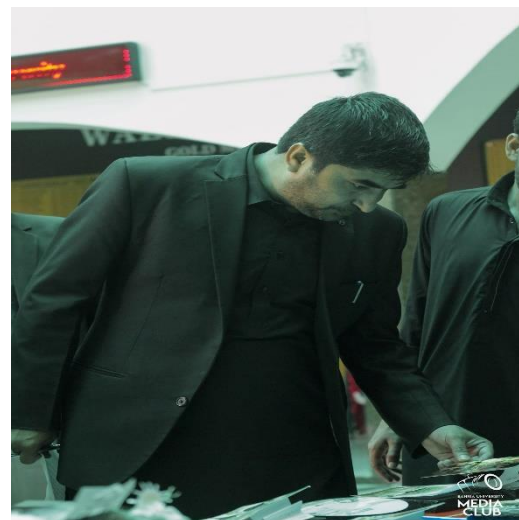

The Community Support Program Bahria University Karachi Campus, organized a visit to “JDC Old Age Home” on **24th April 2024**, where our students spent quality time with the elderly residents. This heartwarming initiative aimed to bridge the gap between generations and foster a sense of community and social responsibility among the students. Through engaging conversations, emotional connections, and shared experiences, the students showed compassion and care for the seniors, making a positive impact on their lives. This visit not only brought joy to the elderly but also instilled valuable lessons of empathy and kindness in the students, contributing to a more caring and supportive community.

3. **EARTH DAY CELEBRATION:**

The Community Support Program, Bahria University Karachi Campus had a celebration for "**Earth Day**" in collaboration with all clubs of BUKC **on 26th April 2024 at Main Foyer Quaid Block.**

On this Earth Day our students worked together to show off their projects about taking care of the Earth. There were many creative ideas presented by our student participants on display, like eco-friendly projects. It was a fun and educational event that inspired everyone to do their part in protecting the Earth.

4. ECO-TOURISM (GYM CLUB) – FIELD TRIP TO HISTORICAL PLACES:

The Green Youth Movement (GYM) club at Bahria University Karachi Campus recently arranged a field trip focused on eco-tourism. This Eco-tourism trip was held on **29th April 2024**, where our students explored various historical landmarks in Karachi, such as Mohatta Palace, Mazar-e-Quaid, Frere Hall, and the Maritime Museum. The Media Club of BUKC diligently documented these significant sites, capturing their historical essence and promoting cultural appreciation among participants. These historical places of Karachi not only hold significant cultural as well as architectural value, offering visitors glimpse into the city's past. Incorporating these landmarks into eco-tourism initiatives promotes sustainable tourism practices by encouraging exploration of historical sites while minimizing environmental impact, therefore by showcasing the rich heritage of the city Karachi, eco-tourism endeavors not only educate visitors about the city's history but also foster appreciation for conservation efforts and the preservation of cultural treasures for future generations to enjoy.
