

BAHRIA UNIVERSITY
Health Sciences Dental College
(BUHS Dental College)

Karachi, Pakistan

Overview

The inception of the Dental College at Bahria University Medical and Dental College took place in 2010, driven by a vision to cultivate knowledgeable and skillful dentists and offer excellent oral healthcare services for all. The inaugural group of students graduated in 2016. BUDC is affiliated with Bahria University and is accredited with Pakistan Medical and Dental Council and College of Physicians and Surgeons Pakistan. Clinical medical teaching and services are facilitated by PNS Shifa Hospital, conveniently situated adjacent to the college.

With a resolute commitment to upholding superior standards in education, learning, and research that align with global requisites for proficiently pursuing diverse specialties within the dental field, the college strives to cultivate and sustain an environment where research is encouraged in the undergraduate years. This, in turn, contributes to the development of a graduate who is not only skillful but is also a researcher and a critical thinker.

The facility encompasses spacious outfitted lecture rooms, an auditorium, a cafeteria, separate common areas for female and male students, and a well stocked up-to-date library. Furthermore, internet access is extended to the faculty and students within the premises. Accommodation arrangements are in place for students through hostel facilities.

The outpatient sections are equipped with state of the art equipments, aiming to render top-tier healthcare services at nominal fees.

Key Services

Under the guidance of experienced faculty, dental students, and postgraduates in training, administer personalized, high quality care at affordable rates. Leveraging the most recent technological advancements and contemporary dental resources, we deliver extensive oral healthcare services, under one roof.

Bahria University Dental College is actively engaged in international research collaborations, showcasing a global commitment to advancing dental knowledge. Notable collaborative projects include:

- University of Edinburgh
- University of York, United Kingdom
- Imam Abdulrahman Bin Faisal University
- University Sains Malaysia
- Ida Rieu College for Blind & Deaf
- JS Academy for Deaf
- Silverline School for Blind Deaf
- Colgate-Palmolive
- Dow University of Health Sciences
- ABSA School for Deaf
- Colgate-Palmolive Limited

Past Partnerships

Industrial Collaborations
Bahria University Dental College has forged impactful partnerships with the private and public sectors.

1. Colgate-Palmolive (Pakistan) Limited:
Collaborating with Colgate Palmolive Pakistan Ltd has yielded remarkable results community engagement, teaching aids, Colgate awards, and dental education initiatives, enhancing student learning.

2. Shield Corporation Limited
The Bahria University Dental College collaborates with Shield Pakistan every year by organizing a World Oral Health Day camp, facilitating patient awareness and community outreach.

3. Medicam Group of Companies
Medicam Pakistan has facilitated many free dental camps by providing resources for patients' well-being and facilitating the participants in community outreach programs.

4. GlaxoSmithKline Pakistan Limited
GSK Pakistan has collaborated with the dental college to organize many faculty training programs and provide students with additional resources to enrich the learning experience.

5. Roomi Enterprises
The partnership with Roomi Enterprises has amplified community outreach programs, extending oral health services to underserved populations.

6. Platinum Pharmaceuticals (Private) Limited
Bahria University Dental College has collaborated with Platinum Pharmaceuticals on different occasions to organize sessions for continuing dental education and setting up dental camps to screen oral diseases in underprivileged areas.

Skilled HR

At Bahria Dental College, we are committed to providing our students with hands-on experience and practical exposure that aligns seamlessly with the national oral care needs as well as UN sustainable development goals encompassing good health and well-being.

1. Internship Opportunities:
Our internship program is a vital component of our curriculum, allowing students to apply their theoretical knowledge in real-world dental settings. Through partnerships with PNS Shifa Hospital, our students gain invaluable experience in a hospital setting. After completing four years of dental training, the students are allowed a house job in the Dental OPDs, equipping them with the necessary clinical skills.

2. FCPS Training
Bahria University Dental College provides advanced postgraduate training in departments such as Orthodontics, Oral and Maxillofacial Surgery, Operative Dentistry, Endodontics, and Prosthodontics. These specialized programs are meticulously crafted and led by seasoned and acclaimed experts. Through these comprehensive training initiatives, aspiring professionals undergo rigorous training to become adept and proficient in their respective fields.

3. Clinical Rotations:
We facilitate clinical rotations, allowing students to immerse themselves in different specialty areas, including oral surgery, orthodontics, periodontics, and more. Collaborating with dental professionals in these specialized fields empowers students to grasp the nuances of each domain and make informed career choices.

Corporate Adviory Council (CAC)

BUDC have significant linkages with the healthcare industry. This enables our students to gain industry insight, broaden their horizon and encourages the exploration of new business ideas.
