2 Investment Objectives

- 2.1 Endowment funds are invested to produce the best financial return within an established level of risk.
- 2.2 The primary objective is to balance income and capital returns. The assets should be managed to at least maintain real capital value, whilst generating a consistent and sustainable level of investment income to support the current endowment fund activities.
- 2.3 The current income target is set at Karachi Inter Bank Offered Rate (KIBOR) of capital value. Changes to the income target should be informed by market benchmarks.
